

We're thrilled to introduce our Storytelling Booth at the RISE Summit, hosted by Mary Hassan, our Internal Communications Manager. Come and tell Mary a story to share with your colleagues!

**About the Storytelling Booth:** At Relief International, we believe in the transformative power of stories. Every day, our incredible humanitarians embark on journeys marked by resilience, compassion, and dedication. Now, it's time to shine a spotlight on YOUR stories and experiences as humanitarians.

**Suggested Questions:** To help you get started, here are some suggested questions to help you prepare your answers, or you can live life dangerously and be surprised on the spot!

1. What inspired you to become a humanitarian?
2. Can you share a memorable moment from your time working with Relief International that has left a lasting impact on you?
3. What do you like best about your job?
4. What challenges have you faced in your humanitarian journey, and how did you overcome them? What advice would you give others just starting out?
5. What do you wish your colleagues knew about your job or the context you work in?

🔊 **Share Your Story:** Your unique experiences and insights are so valuable and can play an important role in shaping RI's international community and culture. Together, we rise, and together, we inspire change. See you at the RISE Conference Storytelling Booth!
