# Our Work

Relief International specializes in relief and development programs that help people living through crisis. A registered non-profit in the US, UK, France and Belgium, our work targets fragile communities that suffer from recurrent man-made or natural crises that put or keep people in poverty.

We focus on health and nutrition and also invest in three other program areas (Economic Opportunity, Education and Water and Sanitation). With decades of experience, our work in these areas impacts, stabilizes and improves the lives of millions of people each year.

- **14** countries across the Middle East, Africa and Asia
- **5000+** staff and auxiliary workers
- **90%** of every donation goes directly to the field

Clockwise from left: South Sudan team travels by boat to serve communities who face vulnerability along the Sobat River; RI health workers offer 24/7 medical care to displaced families at Gentil Hospital in rural South Sudan; Staff member in Lebanon visits a young Syrian refugee during a visit to informal tent settlement.

## Benefits of Membership

Patrons are leading supporters of Relief International's mission to serve people in the Middle East, Africa and Asia whose lives have been disrupted by conflict or disaster. All contributions are tax-deductible in the United States and United Kingdom.

Our Patrons make an annual gift of \$1,000 or more, and enjoy privileged access to RI and its country program experts. All members of our Patrons program enjoy:

- **Invitation to events** with Relief International CEO and other senior staff.
- Unlimited participation in **video call briefings** with our country program staff on breaking news events and how they impact our work.
- **Newsletters from our country teams and updates from the field** as crises unfold.
- **Recognition** on our website and in the Annual Report.

"The support we received from Relief International has been life-changing. An attack during the war left me paralyzed. Because of this trauma, I fled Syria with my family and came to Turkey. RI's center gave me a wheelchair, which changed everything. The physical therapy and mental health counseling they provided us has helped us rebuild our lives. My daughter and I come for our appointments together."

—Ibrahim, 28, and his daughter Mariya from Syria, pictured at an RI center in Turkey
